

360 WELLNESS BY DR. CHERRY

Sri Lanka's leading Cosmetic and Aesthetic Physician Dr. Sarah Fazy's clinic 360 Wellness by Dr. Cherry turns one. To commemorate the milestone, they hosted a celebratory event at their esteemed premises. The event was graced by invitees, well-wishers, media, friends and family. Dr. Sarah believes that natural beauty comes with balance and that is the epitome of what 360 Wellness is all about - the balance of beauty both within and visible on the outside.

Dr. Cherry as she is fondly known combined her passions of becoming a doctor and skincare when she chose to become a Cosmetic Physician. She is recognised nationally as an aesthetic expert and is frequently featured in media outlets. She is not only known for her unparalleled medical background; she also builds a true connection with her patients with her easy-going character and relatability. Over the years, her role has diversified and today, she and her clinic offer women and men the opportunity to unlock their inner best selves.

"This milestone was and is a dream. A day in my life can be extremely challenging but my clients and their wellbeing are as important to me as my family and that is what 360 Wellness has been built upon," shared Dr. Sarah. From cosmetic treatments and procedures such as scar management, hyperpigmentation treatments, skin tightening and hair reduction, to pigmentation corrections,

chemical peels, body contouring and dermal fillers, 360 Wellness offers every procedure possible with the latest technologies and best of care and service.

Dr. Sarah understands the necessity of skin care maintenance and stands by a medical-based approach toward wellness for all of her
